

# MAT 019/030.11 LAB

## *Fall 2016*

<b>Lab Leader:</b>	Sierra Beall
<b>Office:</b>	JM 150 (please note this is a shared space)
<b>E-mail:</b>	beallsierram@jccmi.edu
<b>LAB Time and Room Number:</b>	Thursdays 1:00-1:57 in JM 147

### **Contact Preference:**

Your Lab Leader is in the classroom facilitating lab sessions more than in his/her office. For a quicker response, email your Lab Leader.

### **Course Description:**

This lab course will assist students with preparation for activities that occur in MAT 019/030. It will also offer opportunities for review and remediation, subject to student needs.

### **Course Materials:**

Students are expected to bring the following to all Lab sessions:

- MAT 019/030 class workbook & materials;
- White Board, marker, & eraser (provided on 1st day of MAT 019); and
- Pencils with erasers.

### **Course Structure:**

This lab will support your work in MAT 019/030. During lab, you will be given the opportunity to review and ask questions. You will also have an opportunity to receive extra help with difficult topics and with the technology used in MAT 019/030. In addition, your lab section will assist you with the preparatory assignments that will need to be completed prior to activities that occur in MAT 030.

## **Lab Requirements**

**Attendance:** You are expected to attend lab every day, and attendance will be taken. Your student number is required for sign-in at every lab session. In the event of an emergency, you must contact your Lab Leader *prior to your scheduled lab session*, to discuss the possibility of making up the session. This is entirely at the discretion of your Lab Leader. Your lab attendance will be reported to your MAT 019/030 instructor, and will be part of your overall MAT 019/030 grade.

**Participation:** You are expected to participate in the lab activities as assigned by the Lab Leader. These activities directly support the material you will be working on in your MAT 019/030 course, and will contribute to your understanding and success!

### **Determination of Final Grade:**

This lab counts as one pass/fail credit. In order to earn a passing grade for MAT 019/030L, you must participate as follows:

Testing out of MAT 030... **Pass** (only possible after MAT 019)

0-3 missed lab sessions... **Pass**

4+ missed lab sessions... **Fail**

\*\*\* Please note the grading policy for your MAT 030 class also includes a Lab participation component. Missed lab sessions will affect your overall MAT 030 course grade.
